Big Auxiliary Cruiser Now Loading at Wharf Was Formerly Prize German Ship "Bermena"

HAS BRADSHAW EVADED NET?

U. S. S. BATH GETS CARGO DEPARTS FOR ATLANTIC

A prize German cruiser taking her maiden voyage from Germany to the Atlantic coast bent on some mysterious errand, and chased into port New Orleans by a British cruiser, later to be interned by the United States and confiscated as a war trophy, with a still later experience of usefulness to the United States as a transport, is the history of the USS Bath now anchored at the Richmond municipal wharf, loading cargo for Philadelphia and eastern ports. The Bath shows certified labels of the German ownership under the name of the "Bermena," and unmistakable signs that it was built as a prize war cruiser.

According to officials in charge of the Bath, she has had a remarkable career of efficiency since being interned in the latter part of 1916 just prior to the declaration of war with Germany. But little has been added to make the cruiser one of the crack vessels in service.

At present the Bath is loading a cargo of 5800 tons of staple food supplies products of California fields, to be delivered to needy ports of the Atlantic. California lima beans predominate, while canned goods of all kinds are included in the new cargo obtained here. There is a crew of 125 seamen of the U. S. navy and eighteen commissioned officers. From Richmond the cruiser will head direct to San Pedro, thence through the Panama Canal to San Salvador Islands, and to Cape Horn to New York.

The Bath has served through many trying storms without mishap, although being disabled twice in hurricanes at sea. At one time she floundered for two days in the highest of seas, making a record roll of forty degrees, without a rudder, and at the mercy of the waves. Repairs required forty-eight hours and the Bath succeeded in getting into port without aid.

The Bath is fully equipped, visitors on the vessel yesterday being shown all of the improved devices known in the history of deep sea navigation. Visitors were also given an experience in the wireless service and enjoyed the sensation of hearing in code messages sent out over various stations. The Bath will sail from Richmond today.

Sailors aboard the craft gave a dance Wednesday night and declared that they will always remember this port most interestingly.

During the three days' stay here the sailors enjoyed all of their trading and the movies came in for a liberal share of their patronage.

Work of dispatching the cargo from the municipal wharf to the ship was under supervision of Jackson H. Wiser, harbor manager for Richmond. Many visitors enjoyed the courtesy of the ship's officers throughout the day yesterday.

MAY DIE AS RESULT OF HIS INJURIES

J. E. Upham of 459 Orchard street Oakland is at the Emergency Hospital suffering from injuries he received in an automobile collision at Nichols, this side of Antioch yesterday, and it is thought he will die.

He was on his way to his ranch

near Pittsburg, when he collided with another machine about 2 o'clock yesterday afternoon, and laid by the side of the road till 10 o'clock last evening, when he was picked up by E. J. Koplin and taken to the Oakland Emergency hospital. Three of his ribs are broken, he

is suffering from internal injuries, has many cuts and bruises on his body, and it is thought he will not survive.

So far the authorities have not been able to learn what parties in the other auto were injured or not.

River Steamer May Stop Here

Application has been made by Secretary Wallace of the chamber of commerce to the Southern Pacific Company for the landing at Richmond of the river steamers navigat-

ing between San Francisco and Sacramento. The steamers carry a large number of passengers and Richmond port will, it is assured, be greatly

convenienced by having the steamer make the stop at this place to receive and discharge Richmond, Berkeley and Oakland passengers. It is possible the Stockton boats may be induced to make this port also.

\$5,000 TO WIDOW FOR DEATH OF HUSBAND

The sum of \$5000 has been awarded to Mrs. Mary Delucca, for the death of her husband, Bruno Delucca, by the State Accident Insurance Commission, according to advices received by Attorney Pierce and Carlson, who represented Mrs. Delucca at the hearing a few days ago. Delucca was killed a few weeks ago, when the automobile of his employer, George F. Ingraham, collided with a Sixth street car. The compensation will be paid in weekly installments.

Capt. W. C. Day to Discuss Crime and Its Remedy

Next Sunday afternoon at 2:45, there will be a meeting held at the auditorium of the Lincoln School under the auspices of the Y. M. C. A. for "men only," at which time Capt. W. C. Day, who has spent his life in prison reform work, will talk on the top, "My Positive and Practical Solution to the Complex Prison Problem."

Captain Day extends a special invitation to Chief of Police W. H. Woods and the members of the police department to be present.

ENTERTAINMENT-DANCE BY THE COLLEGE CLUB ON SATURDAY EVENING

Saturday evening, January 22d, the entertainment and dance of the College Club will be held at the rooms of the Richmond Commercial School. Every member is expected to be present, as there will be a business meeting from 7:00 to 8:30, at which time new officers are to be elected, new committees appointed, and the initiatory work of the club is to be rehearsed.

STORM DOES DAMAGE TO GOLF LINKS

The big storm of the past few days has practically undone the work that the directors of the Berkeley Country Club had just completed on their proposed golf links on the tract of land recently acquired in the hills east of San Pablo avenue.

All of the seeds that had been planted at an expense of over \$500, which was expected to provide a greensward for the links, have been washed away, and the work will have to be done over again.

Father and Sons Banquet Wesley Church on Monday

Fathers and sons banquet, which is an annual function of the Wesley Methodist Church, will take place on next Monday evening at 6:15. Fifty cents per plate. Walter Mead of the Y. M. C. A. will show some interesting moving pictures, which will be followed with addresses by several local talents, and by E. L. Devendorf of the University of California Association, and Fred Abbott of their seats.

The committee who has the tickets, as well as the program, in charge, is composed of Messrs. H. C. Stiver, Henry J. Hill, C. C. Olney, Hutt Brown and Hugh Woods. As the attendance was quite large last year, the club should secure their tickets now in order to make sure of their seats.

BERKELEY MOTHERS MEET HERE MARCH 7TH

The ladies of this city who are members of the different Parent-Teacher associations, are making big preparations for the entertaining of the members of the Berkeley Mothers' and Parent-Teacher Association on the 7th of March. An interesting program is to be prepared and subjects that will be of interest to every mother will be taken up and discussed. A large number of delegates are expected to be present from the university city. The meeting will be held at 2 o'clock in the afternoon, and the general public is cordially invited to attend.

A meeting of the War Mothers will be held this afternoon at Bank hall.

Fisher Wanted on Charge Passing Fictitious Checks

Peace officers of Pittsburg are seeking one, William Fisher, wanted for passing alleged worthless checks. Saturday evening Fisher, who for the past three months had been employed at the Pittsburg Garage, passed a check for \$50 on N. Demco, one for a like amount on Emmington's clothing house, and one on Peter Panos for an unknown amount.

Fisher had used the blank checks of the Pittsburg Garage and had signed the names of the proprietors, DeDosa & Seeley. Naturally, those who cashed Fisher's checks, thought they were his pay check. He tried to get D. B. North of the North-Cross Drug Co. to cash a personal check for \$20, but was refused.

Fisher has departed for parts unknown. Before obtaining employment at the Pittsburg Garage, he was employed for a time at the Booth cannery before the shutdown.

The chamber of commerce has launched plans for a revival for the purchase of the Grand Canyon park as a city park.

Capt. W. I. Day will speak on "Prison Reform" at the Y. M. C. A. Sunday.

OPTIMISM EXPRESSED LUNCHEON HELD R. I. C.

The Richmond Industrial Commission at a luncheon meeting at Martin's Grill yesterday listened to a number of speeches by representative men who without exception expressed confidence in the future of Richmond and predicted that with the coming of spring would be ushered in an era of prosperity which would continue to increase in the following months and make the present year one of the best that has ever been experienced. The speakers were leaders of financial, industrial and shipping interests.

George S. Wall, president of the Industrial Commission, who presided over the gathering, was the first to voice the prediction of coming prosperity and added that Richmond would undoubtedly benefit by the establishment of new manufacturing industries.

Claude E. Clark, manager of the East Bay Water Company, who followed, spoke in similar strain. Explaining the water condition, he stated that steps should be immediately taken by the people toward saving for a greater water supply for the east bay, including this city.

Six or seven years would be necessary to get such a supply, the speaker said; the east bay company could take care of everything for the next eight or ten years, but the future was a problem that demanded immediate attention.

Manager E. D. Armstrong, of the Hercules Powder Company, referring to the bill in the legislature prohibiting location of powder plants within a mile of a railway, said that if passed it would drive out the great powder plants from Contra Costa. Senator Sharkey and Assemblyman Long had been asked to oppose the passage of the bill, the speaker said, and all the civic leagues of the county affected should give their assistance to have the bill stopped. In his opinion under the present laws absolute safety was guaranteed.

Former Assemblyman Harry Ellis, a powder expert, suggested that a resolution opposing the bill be adopted, and in doing so said that the same bill had come up every year for many years past.

San Francisco officials requested that members of the commission should do all they could for the bay freeborn bill.

J. C. Hitchcock, manager of the Pacific Gas and Electric Company, who attended with W. J. Armstrong head of the industries department of the company at Alameda, announced that his company was behind anything that meant the advancement of Richmond and was giving it the very best service that could be provided.

J. A. I. Henry, a Spokane capitalist, told of the government of that city by a commission, and said that

FALLS FROM STREET CAR FRACTURES HIP BONE

Wednesday night as Mrs. J. Berrigan of Lima, Ohio, was alighting from a streetcar at the corner of Thirty-ninth and Macdonald, she fell and sustained injuries that will take some time before she recovers from them.

Mrs. Berrigan and her daughter-in-law was returning home late in the evening, and at the point desired the car stopped. In getting off, it is thought that the heel of her shoe caught on the step, and she was thrown heavily to the ground and sustained a fracture of the hip bone, near the neck of the bone.

Dr. J. St. John Healy was summoned, and the injured woman was taken to the Abbott emergency hospital, where an X-ray was taken, and it was found that the bone was broken. Mrs. Berrigan was conveyed to the Craven hospital. She has two sons at Sacramento, and to-day she will be placed on a cot, put aboard a train and be sent to that point. The sons wired that their mother be moved just as soon as possible.

It seems to have been one of those accidents that unexpectedly happens. Dr. Healy states the car was at dead stop when the woman fell, and that the crew of the car was not to blame in any way.

During the big storm Wednesday night, water was over two feet in depth on Cutting boulevard between First and Tenth streets.

VENTURA AT SYDNEY NO WIRES RECEIVED

Where is Lester Bradshaw, alleged embezzling teller of the First National Bank, who is charged with forging withdrawal receipts and getting away with \$10,000.

According to marine advices, the steamer Ventura, on which he was supposed to have sailed from San Francisco, December 28, reached Sydney last Tuesday, and so far District Attorney A. B. Tanning nor Sheriff R. R. Veale have not received any word from the captain of the vessel, or from the authorities of Australia.

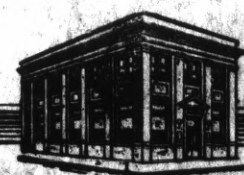

The all-absorbing question with the authorities of this country is, "Has Bradshaw evaded the net that was set for him?"

Some of the questions being asked by the officers are, did Bradshaw sail, and if he did, did he leave the vessel at Honolulu, and then take another vessel for China or some other Far-Eastern port?

Another conjecture is that he might have left the vessel at Honolulu and then taken passage on another boat, and back-tracked on himself, and is now in this country.

Another suggestion is that he booked passage for himself, wife and mother on the Ventura, but never sailed from the port of San Francisco.

The authorities are much alarmed over the lack of word from Australia, and another message is to be dispatched to the officers there and also to the captain of the boat.

CHINA RELIEF

Funds are being collected for famine sufferers in China.

URGENT and PROMPT ACTION is necessary to save the lives of as many as possible as the death rate is reported to be over ONE THOUSAND a day.

OFFICIAL PAPER CITY OF RICHMOND

THINKOGRAPHS by F. J. HULANISKI

The movie usher makes us smile.
 For uselessness he can't be beat;
 For though he leads us down the aisle,
 We always take some other seat.

CONSTRUCTIVE LEGISLATION

Our congressmen and legislators do not seem to know constructive legislation from a bale of hay. This is probably because they are politicians instead of statesmen. Everywhere one hears of the losses being now sustained by the farmers, the same amounting to over six billions of dollars. This is a just complaint and worthy of immediate remedial legislation, yet what do we get? Nothing but a scheme to lend the farmer money so he can hoard the food of the country until people shall be starved into paying a higher price, and a tariff measure calculated to take money out of the pockets of one class and put it in the pockets of another. That is not constructive legislation—it is just damphoolism, such as we always get from politicians.

What is needed is a system of Federal and State regulation which will eliminate to a large extent the millions of leaches known as middlemen, who are robbing both the producer and the consumer and playing their game from both ends. This can be and ought to be done. In the first place, one or two middlemen between the producer and the consumer is enough. Instead of a dozen or more, and in the second place, their profiteering should be rigidly curbed. If one-half the excess profits of the middlemen were divided between the producer and consumer, each would be more than satisfied, the whole country immensely benefited, and a million grafters be made to get out and hustle an honest living like the rest of us have to do. That would be constructive legislation—the kind we get is bunk.

A congressional investigation committee found out the other day that a bushel of potatoes raised in Michigan, for which the farmer received one dollar, sold in Washington, D. C., for six dollars. Last week, in Chicago, 112,000 head of cattle brought for the farmer 6c a pound, yet we pay from 25c to 40c a pound for steak at any butcher shop, all that vast difference going to middlemen. A Kansas farmer took a load of corn and a beef hide into town to buy his wife a pair of shoes a few days ago. He got \$7.50 for the corn and \$2 for the hide, and had to pay \$10 for the shoes, that being half a dollar more than the corn and the hide came to, yet there was enough leather in the hide to make a dozen pairs of shoes. The farmer is being robbed right and left by an army of blood-sucking leaches standing between him and the general consuming public, and the same is true of the cotton planter, yet our so-called and alleged "statesmen" either cannot or will not pass a bit of constructive legislation to curb the voracious cormorants who are to blame for the whole lamentable condition.

The usual optimist is one who tells other people not to worry when things are coming his way.

One California legislator has in a bill to prohibit the wearing of trousers with hip pockets. Another blow at liberty.

Communism is the philosophy not of intelligent, effective, worthy men, but of inefficient, shiftless, foolish men.

An advertisement by a farmer in a city paper reads: "Wanted—man to milk and run a Ford car." Some job!

D'Annunzio was wounded in the head. It did not hurt him much, but it flattened out the bullet.

WE'RE A LUCKY PEOPLE

After all is said and done, we of the United States of America are a lucky people and have so much to be thankful for we ought to have more than one day a year, so-called. In spite of the many things of which we justly complain, the fact remains that no combination can be built up or maintained that will keep us down, or even half down. We enjoy prosperity, peace, comfort and happiness, no matter what happens to the rest of the world, and we are so big that our enemies on the inside cannot handle us more than partially. If crops fail in one section they are bound to be bigger than ever in another, so it even up; and as long as we have sense enough to live sanely, be industrious, fair and attend to our own business, nothing on earth can keep us from forging ahead. At present we have some unemployment, but in two months from now when the causes leading to the same shall have been adjusted, as they will be, it will be full speed ahead again, and every man in the country who is not too lazy to work will be employed at a fair wage and taking pay checks home to the family. That will not be true in many other countries, but it will be true with us. Bumper crops are already assured, which means plenty of good food for all. We complain and grouch more or less, as all mankind always does, but just the same we are the richest nation on the face of the globe and have enough to supply the whole world. This year, 1921, will be one of the most prosperous in history, and all we have to do to enjoy it is to be half way good and behave ourselves as any normal people ought to. We are sure a lucky bunch of good old U. S. A. folks, even if there isn't any more horseshoes to nail up over the door.

A new book is entitled "Bolshevism at Work." Where did anybody get such a noise at that? That's like the farmer's gruff—hain't no such derved thing.

The Russian Socialists, too lazy to dig coal or chop wood, are burning their wooden buildings for fuel. Great is communism!

It does seem as though the politicians actually do not want to economize, but merely want to talk about it. We get no end of hot air, but mighty little action.

To deprive England of \$24,000,000 taxes annually, the Sinn Feiners are proposing voluntary prohibition in Ireland. This is one "reprisal" worthy of commendation.

We no longer see pink lizards crawling along the foot of the bed when we retire at night, but we see Bolshevism, H. C. L., crazy taxation, profiteering and foolish Federal paternalism bugs dancing jazz and shimmy up and down the blanket.

In Missouri the outgoing Democratic administration is to turn over to the incoming Republican regime over \$9,000,000 cash surplus. Well, the Gee Whiz! Wouldn't you think a Missouri Democrat would have more sense than that?

All we as a people need to do is to talk less of disaster and work more for prosperity. Our fundamental conditions are safe, sane and sound.

There is an ill-omened bird that is supposed to bring bad luck to any house over which it hovers, but it is not the stork.

The interchurch movement was going to merge all the churches into one, but they couldn't agree as to which one.

IF SKIN BREAKS OUT
BURNS AND ITCHES
APPLY THIS SULPHUR

Just the moment you apply Men- stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place.

Because of its germ destroying properties, it quickly subdues the itching, burning irritation, and or broken out skin the itching heals the eczema right up, leaving no trace of it.

NOTICE OF PRIVATE SALE OF REAL ESTATE BY ADMINISTRATOR

No. 28701. D. 1. 4.
 IN THE SUPERIOR COURT OF THE
 STATE OF CALIFORNIA IN AND
 FOR THE COUNTY
 OF ALAMEDA.

In the Matter of the Estate of ROBERT MATTHEWS, also known as ROBERT E. MATTHEWS, Deceased. Notice is hereby given that J. John A. Hill, the undersigned administrator of the estate of Robert Matthews, also known as Robert E. Matthews, deceased, will sell at private sale on or after Friday, the 4th day of February, 1921, all right, title and interest that the above named decedent had at the time of his death, and all the right, title and interest which the said estate has acquired, in and to that said parcel of land situate in the City of Richmond, County of Contra Costa, State of California, described as follows:

PARCEL ONE, Lots 35 and 36 in Block 9 as designated on the map entitled "Amended Map of Central Richmond, Contra Costa Co., Cal." filed in the office of the County Recorder of the County of Contra Costa, State of California on the 23rd day of November, 1909, in Volume 2 Maps page 42.

PARCEL TWO, Lots 3 and 4 in Block 21, as designated on the map entitled "Map of Pullman Town Site, Contra Costa County, Cal." filed in the office of the County Recorder of the County of Contra Costa, State of California on March 7, 1910 in Volume 2 Maps, at page 16.

TERMS AND CONDITIONS OF SALE: Cash in gold coin of the United States, ten per cent of the purchase price to be paid at the time of said sale and the balance on confirmation of said sale by said Superior Court.

All bids or offers must be in writing and may be left at the office of J. John A. Hill, Administrator, at room 309, Building, 1440 Broadway, Oakland, California or delivered to the administrator personally or may be filed in the office of the Clerk of the Superior Court of said Alameda County at any time after the first publication of this notice and before the making of the sale.

PUBLIC NOTICE.

NOTICE OF RECEIPT OF ASSESSMENT ROLL IN THE MATTER OF THE WIDENING OF MACDONALD AVENUE AND NINETEENTH STREET, IN THE CITY OF RICHMOND.

Notice is hereby given, that a certified copy of the report, assessment and plat, constituting the assessment roll in the matter of the widening of Macdonald Avenue and Nineteenth Street, in the City of Richmond, in accordance with Resolution of the City of Richmond, as finally confirmed and adopted by said council, has been received by the undersigned, Superintendent of Streets of the City of Richmond, from the Clerk of said City, and that all sums levied and assessed in said assessment roll are due and payable immediately.

The payments of said sums are to be made to the undersigned within thirty (30) days from the date of the

first publication of this notice, and all assessments not paid before the expiration of said thirty (30) days, to-wit, before the 12th day of February, 1921, will be declared delinquent and that thereafter the sum of five (5) per cent, on the amount of each delinquent assessment together with the cost of advertising each delinquent assessment, shall be added thereto.

Dated this 12th day of January, 1921.
 H. D. CHAPMAN,
 Superintendent of Streets
 of the City of Richmond.
 Publish—January 12, 13, 14, 15, 16, 18, 19, 20, 21, 22.

Capt. M. P. Stone of the California Industries Board has invited the assistance of the Richmond chamber of commerce in a campaign to reduce the consumption of ore by-products of foodstuffs.

24 HOURS

Spring and Summer

Fall and Winter

daylight

daylight

These Charts Show Why Your Electric
 Light Bills Are Higher Now Than
 In Summer

Study the above charts. The one at the left shows the relative number of hours of daylight and darkness and the hours of use of Electric Light in each day during the Spring and Summer.

The chart at the right shows the same comparison between darkness, daylight and hours of use of Electric Light, but for the Fall and Winter months.

You will notice that there is two-thirds more darkness in each day during the Fall and Winter than in the Spring and Summer, and, that on account of it, it is necessary to use your Electric Light nearly three times as much every twenty-four hours as in the Spring and Summer.

It is only natural, therefore, that with this increased consumption of Electricity for lighting, your Electric Light bills will be somewhat higher.

RECORD-HERALD

CHAMBER OF COMMERCE VERY ACTIVE

Resolutions and memorials adopted by the chamber of commerce to various congressional and State legislative bodies during the past week have been: for the defense of the Hercules and Giant Powder Company properties as against A. B. 111, which asks for restriction of the manufacture of munitions within the mile of the right of way of any highway or highway; A. B. 45, which asks for an appropriation of \$120,000 to maintain the fireboat for protection of San Francisco bay industries; endorsement of the present conduct of the San Francisco harbor

board and urging its continuance; issuing of a cordial invitation to Richmond as carried out in the California nation-wide campaign known as California Invitation Day—with messages from each live section extended throughout all of the Eastern states; a memorial to Congress on the subject of restricting immigration; petition to representatives in Congress for the Pacific Coast arsenal and munitions plant should the arsenal at Benicia be changed, and the endorsement of Rev. Paul Little of Richmond to appointment as minister to south European colonies.

Musical-Social
at Lincoln for
28th of January

A week from this afternoon the Musical and Social Association will give a musical and social tea at the Lincoln school auditorium, to which the admission charge will be 25c. A delightful time is promised all those who attend, and Mrs. A. B. Ledgerwood, the president of the association, expects a large crowd, as the proceeds of the affair are to be devoted to a very worthy purpose.

Pythians Making
Big Preparations
for Coming Dance

This evening at Pythian hall, Richmond Lodge No. 13, Knights of Pythias, will raise a large class from the rank of equire to the rank of knight.

The dance committee in charge of the dance to be given at East Shore Park on the 29th of the month, promise a big treat for those attending, as many innovations will be introduced. Already over 500 tickets have been sold for the affair.

The committee appointed for the dance are as follows: reception, W. A. Capelle, J. A. Deadrich and A. S. Lilly; door, G. A. Chapman; refreshments, W. H. Long and Jack Gregg; checkroom, H. H. Moore and R. W. DeBolt; ticket room, J. S. Parker and program A. T. Davis.

A. S. Lilly of 1709 Roosevelt avenue has been appointed as section secretary of the insurance department, which takes in the Richmond lodge. The members at present carry over \$100,000 of insurance, and Lilly says before twelve months elapse that he expects to make this the largest section of any in the State.

MULE KICKS ALABAMA

MAN IN THE HEAD

AND BREAKS ITS LEG

HUNTSVILLE, Ala., Jan. 20.—The claim of Joseph Jones that he had some "bean" was borne out today when his story that he had been kicked on the head by a mule and that the animal was lying helpless with a broken leg, was investigated and found to be true by hospital attaches.

Jones said his way was blocked by a mule and he made a threatening gesture to frighten it away. It refused to stampede, however, replying with a well-directed kick to the brow. The mule's leg was broken in two places. It was pronounced a helpless cripple and shot. Jones will recover.

Miss Theresa Gorman

All precedents were broken by the Illinois Senate when it elected as secretary Miss Theresa Gorman. For eight years she had been private secretary to Lieutenant Governor Oglesby.

Reconsider Bill
Tax Corporations

SACRAMENTO, Jan. 20.—The senate today voted, 34 to 0, against reconsideration of the corporation tax bill, which had kept the house deadlocked all Tuesday night.

The bill now goes to the assembly, where a warm fight is expected. Senator Chamberlain, who yesterday made the motion for reconsideration, but that being not permissible under the senate rules, he asked for an immediate vote to clear the bill off the calendar.

Those who had opposed the bill bitterly joined with its supporters in voting against reconsideration.

While the senate was voting on the measure, Speaker Wright ordered the corporation lobbyists from the assembly chamber.

The corporation lobbyists have been active, even occupying seats with the assemblymen.

Liquor Permit
Use Restricted
by New Orders

To lessen the policy of abuse of liquor permits, Prohibition Commissioner Kramer at Washington directed yesterday that all applications for new permits or renewal of old permits to sell liquor at wholesale or to use it in the maintenance of alcoholic preparations must be approved by the state directors and supervised federal prohibition agents.

Regulations requiring similar approval of applications for permits for retail druggists also will be issued soon, Kramer announced.

During the recent storm the tight board fence around the property of Mrs. W. F. Belding at San Pablo was blown to the ground.

The Junior Richmond club will give an entertainment and reception for their mothers and friends in the near future.

Hot Games of Basket Ball At Hi School Gym Monday

The Richmond All-Star basketball team will meet the Port McDowell five on Monday night in the local gym, in what promises to be the fastest game of the season. The local aggregation of sage-wizards have started the season in a whirlwind manner, winning the preliminary contests by overwhelming scores. In these two games Richmond piled up a total of 162 points to their opponents. This has clearly demonstrated the team-work and basket-shooting ability of the local quintet and prospects look good for it to cop the county championship which was won last year by Martinez.

Contra Costa County.

Richmond is greatly strengthened this year by the addition of Daley, the former Martinez "super-man," who is now putting up a brilliant game at forward for the locals. "Pete" Moore and "Em" McLaughlin, the other new members of the team, are holding down the guard positions in a capable manner. Fort McDowell promises to send a fast quintet here on Monday night, and it is expected that a large number of fans will attend this first big game of the season.

The One Minute Girls, who recently defeated the crack Oakland Y. W. C. A. team, will play the Young Ladies' Institute, champions of San Francisco, in the preliminary game.

"Dollar Sale" Put On at Read's Store Offers Bargains

DOLLAR SALE.... Go. A "dollar sale" comes as a climax to the January clearance at Read's Store, 730 Macdonald avenue, and the firm promises that it will be a fitting finale. Every department will participate, and "many wonderful offerings" are guaranteed. In fact, the firm announces that so many articles will be sold at a fraction of their worth. The sale will start at 8:30 this morning. The windows of the establishment attracted a good deal of attention yesterday afternoon.

Mary Pickford at Macdonald in Comedy "Suds"

The general consensus of opinion is that screen artists always insist upon being seen at their best on the screen and incidents where they are not displayed to their best advantage are ruthlessly eliminated from the story, but it is no other than the world-famous beauty, Mary Pickford, who has set this maxim at naught in her forthcoming production.

OPEN MEETING AND SOCIAL DANCE GIVEN BY YOEMEN

Olive Homestead of the Yoemen had an open meeting and social dance at the Pythian hall last night. About twenty-five couples attended the dance. Foreman L. Jensen and Lady Rowena Mrs. Lillian Carpenter were in charge, while Mrs. Jensen provided the music. The lodge is planning to celebrate its twenty-fourth birthday next month. The celebration will take the form of an entertainment and dance.

Optimism Expressed Luncheon Held R. I. C.

Continued from Page 1

It had proven very satisfactory. The question of a new charter or charter amendments was referred to and it was stated that many citizens were anxious to have an up-to-date and progressive system of government.

Charles W. Warburton, local manager of the Western Union, made a plea for the greater use of the telephone in communications.

Harry Marcus dealt with the things that in his opinion would mean the advancement of Richmond and its interests and Ben Schapiro and F. J. Hulaniski made a plea for a new and modern form of government for the city.

Those present were B. Schapiro, J. S. Bowen, James Nabett, H. A. Stiver, George N. Rooker, Harry Marcus, C. J. Cray, F. J. Hulaniski, W. L. Ballenger, F. E. Beck, J. O. Ford, P. M. Sanford, O. A. Palsen, George S. Wall, E. M. Downer, Mrs. T. C. Brown, E. D. Armstrong, C. E. Clark, J. C. Hitchcock, W. J. Armstrong, J. A. Henry of Spokane, W. H. Sanford, and Mrs. W. H. Sanford.

NEW OFFICERS OF PYTHIAN SISTERS TAKE THEIR SEATS

Remond Temple, No. 86, Pythian Sisters, last night at the Pythian hall installed new officers as follows: Mrs. Rhea Anthes, past chief; Mrs. Myrtle Lutz, most excellent chief; Mrs. Lizzie Waddingham, excellent sealer; Mrs. Mabel McManis, excellent junior; Mrs. Maud Pitcher, manager; Mrs. Marie Ripley, mistress of records and correspondence; Mrs. Lena Long, mistress of finance; Mrs. Ida Hunt, protector; Mrs. Katie Bray, guard. Elaborate plans had been made for the meeting and a strong committee responsible for the arrangements was headed by Mrs. Leona Jackson. District Deputy Grand Chief Ina Stalling was the installing officer, and had the assistance of Mrs. Maud Arnold and Mrs. Ella Bowman.

If you don't see what you want advertised in these columns, run a class ad and you'll get it.

Dancing Club is Organized by Praetorians

The Praetorians at their regular weekly meeting at the Woodmen hall last night organized a Praetorian dancing club—also laid plans for the drill team to go to San Francisco on February 5 to put Bert Osmon was in charge of the drill, during which District Manager S. S. Oppenheimer of San Francisco gave a talk on Fraternalism.

Rebekah Lodge Will Install Its Officers in March

Richmond Rebekah Lodge, No. 205, held its regular meeting at the Richmond hall last night, and it was followed by a banquet and the usual dance. Noble Grand, Mrs. Stalmyer presided. During the evening Mrs. Shea and Mrs. Milroy were present.

Captain Charles N. Fitzgerald, was snapped while in Washington recently offering his services to Prof. Robert H. Goddard, who is planning to shoot a huge cannon ball to the moon. Captain Fitzgerald, who is known as a dare-devil, is willing to be enclosed in the ball which will make the long journey. Prof. Goddard was formerly with the Smithsonian Institute but is now devoting his entire time to the completion of the "moon trip" cannon ad ball.

CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, muffled blowing, headache, dryness. No struggling for breath at night, your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh—Relief comes so quickly.—Adv.

sent with veteran medals. Ten applications for membership were received and their installation will take place next month. The committee in charge of the meeting comprised: Mesdames Alderson, Colby, Faust, Gasser, Gross, Gardiner, Harvey, Hagan, Hopkins, Howaman, Henchey, Berthard, Chapman and Mychell.

Tree Information for City Secured by Marie Ogborn

Mrs. Marie Ogborn, of the city council, has returned from Sacramento, where she attended the session of the State legislature and conference with Merritt B. Pratt, assistant State forester, concerning trees for the beautification of the streets of Richmond. Mrs. Ogborn plans to interview Dr. Woodbridge of the University of California, division of forestry, regarding an analysis of the soil here. Later, recommendations will be made to the city council.

DEATH ELIZABETH BARKER A RICHMOND PIONEER, AT HOME OF HER DAUGHTER

Mrs. Elizabeth Barker, widow of the late Charles Barker, and one of the pioneers of Richmond, died at the home of her daughter, Mrs. H. B. Kinney, Oakland, yesterday morning. The body is at the Curry undertaking parlors here. The deceased was 64 years of age, and was the mother of Mrs. H. B. Kinney, Oakland; Mrs. Nellie Siegel of Richmond; Mrs. E. M. Kervison of San Francisco, and Robert A. Barker of Santa Maria.

Hale and Hearty Boswell Reaches Age of 75 Years

Levi Boswell, a pioneer Richmond resident, yesterday received the congratulations of his many friends on his seventy-fifth birthday. Boswell has lived most of his life in California, and for a number of years followed bridge building and railway construction work. He worked on the construction of the Santa Fe into this city. Having served in the Union army during the rebellion, he "did another little bit" during the recent world war in the capacity of chairman of the local exempt on board.

DEFENSE IS MADE OF LOUIS F. POST

WASHINGTON, Jan. 20.—A defense of the policy of the department of labor in dealing with radical aliens, and a complete endorsement of the work of Assistant Secretary Louis F. Post in carrying out that policy, were made today by Secretary Wilson in a statement replying to an attack on Post by the executive committee of the American Legion.

The secretary's statement was transmitted by Joseph Tumulty, secretary to the President, to Colonel Lindsay, chairman of the Legion's executive committee. It was designed as a reply to a formal request for the dismissal of Post, which was presented at the White House last October by the executive committee in pursuance of a resolution adopted at the last annual convention of the Legion. Secretary Wilson's statement, in part, is as follows:

"Louis F. Post is one of the truest Americans I have ever come in contact with. He has no sympathy with any alien or American who believes in, advocates or teaches the use of force to overthrow the Government

of the United States. He has, however, a profound belief in and reverence for the constitution of the United States, including that part which provides for its own amendment. He has, therefore, faithfully carried out the instructions given by me as secretary of labor concerning deportation cases. They are in substance as follows:

"No person shall be arrested except upon sworn affidavit based upon information and belief.

"No person when arrested shall be held incommunicado.

"Every person arrested shall be entitled to counsel immediately upon being taken into custody.

"They shall be confronted with the evidence and shall be permitted to furnish testimony and be heard in their own behalf.

"Excessive bail shall not be required.

"We will not deport anyone simply because he has been accused or because he is suspected of being a 'red.' We have no authority to do so under the law."

The Home-Staying Dollar

Is the dollar that counts in the long run. It's the dollar that eventually "comes back." If Jones buys a suit of clothes from Smith and Smith buys a pair of shoes from Jones the dollars involved in the transaction stay in Richmond and both Jones and Smith make a profit.

If, however, Jones buys his suit in some other town and Smith goes elsewhere to buy his shoes, both Jones and Smith lose a profit and the money each spends may never come back to Richmond.

Too many Richmond people buy suits and shoes—and many other necessities—in other cities. Richmond is a prosperous community to be sure, but not nearly so prosperous as it would be if we all remembered that the home-staying dollar.

Makes Business Good

Painless Parker The Famous Dentist

PEOPLE living a hundred miles or more away come to my office to have their teeth fixed up. I make it a rule that those from a distance shall be waited upon immediately and their work be completed first, so they can go back home as soon as possible.

twenty-eight offices, and all my associates in these offices have been taught how to practice painless dentistry as well as I can do it myself. We have fixed up the teeth of over a million people, and call our way of practicing "The E. R. Parker System."

Years ago I discovered how to extract and fix teeth without hurting, and was so successful that people called me "Painless" Parker. My practice has grown until I now have

Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind incombustible ashes, so the food and drink taken day after day leaves in the alimentary canal indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels. From this mass of left-over waste, toxins and ptomaine-like poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take inside baths. Before breakfast each morning drink a glass of hot water with a teaspoonful of limestone phosphate in it to wash out of the bowels the previous day's poisons and toxins, and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, heavy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store and begin practicing internal bathing. This will cost very little, and is sufficient to make any enthusiastic on the subject.

THROAT TROUBLE CURED

Oakland, Nov. 1, 1920. To whom it May Concern:

I suffered from throat trouble for 15 years, during which time I could neither eat nor swallow without pain. I became very weak and was unable to work for months. I had numerous doctors and then tried a Throat specialist, who told me that my trouble was due to the blood. He advised me to take blood medicine. Thereupon my brother, who had been cured of Stomach Trouble by the FONG WAN HERBS, urged me to try them. After drinking the herbs for 15 weeks, I felt entirely well. I have since gained 25 pounds. It is 10 months since I took the herbs, and I am now giving this testimonial to let the public know that any sufferer should try the FONG WAN HERBS. I am a watchman for the California Food Specialties Co.

UNCOMMON SENSE
Too many flat tires soon cause a very flat purse.
A bigamist is an optimist willing to take two chances.
Our soldiers wrap their legs, but a Hindu wraps his head.
A defaulter's method is quite simple—he just takes the money.
The per capita circulation doesn't always circulate per capita.
One might love two girls at the same time, but not at the same place.
There is no blood in a turnip, but there is sugar in a dead beet.
Many of us drink too much, and all of us eat too much.
Many gods are not good and some devils are not so bad.
The less speed limits you break the more progress you make.
"Priestcraft" does not do half the harm that the politicians do.
The more you keep away from hell the more you will enjoy life.

"Twin Beds" Film at the Richmond Theater for Today

In transferring the famous farce comedy, "Twin Beds," from the stage to the screen, the original script of the stage play has been

followed very closely. The wide popularity of the stage play is believed by Carter DeHaven, who produced the picture, to be best upheld by making the film version as nearly identical as possible.

Oftentimes in adapting plays and stories for use as pictures, it is necessary to alter them somewhat, but in the present case a play has been chosen which adapts itself perfectly to screen presentation.

"Twin Beds" is Carter DeHaven's first picture for the Associated First National Exhibitors' Circuit, and is reported to be a tremendously satisfactory presentation of one of the funniest plays that ever graced the American stage. The play enjoyed an unusually long Broadway run, and was represented by six road companies, which gave this laughable bedroom farce to practically the whole country.

"Twin Beds" comes as the attraction at the Richmond Theater today and tomorrow.

Louise Fazenda will also be featured on this bill in "The Gingham Girl," a Mack-Sennett comedy, and there will be Select and Ford News reels.

Questionnaire of Dr. Paul Little and His Subjects

Next Sunday night at the Wesley Methodist Church some vital questions will be considered by the Rev. Paul Little in his weekly questionnaire:

1. Do you believe the laboring men have a right to organize themselves into unions?
 2. Do you think the Congress would be justified if it should declare in favor of the open shop?
 3. Do you think a preacher is justified in spending his time to find jobs for the unemployed?
 4. How many passengers had the Mayflower?
 5. Who originated the saying, "When in Rome do as the Romans do?"
 6. What is an educated man?
 7. Why do some politicians insist on a larger navy?
 8. Do you approve of the British labor party's report on Ireland?
 9. What states produce the most salt?
 10. What church or churches still make use of wine for sacramental purposes?
- Following the questionnaire, Dr. Little will deliver his concluding discourse in the series subject, "The First Great President: the Man With a Backbone."

The choir will render appropriate selections and the first fifteen minutes of the evening services are devoted to the singing of favorite songs.

SOCIAL ASSEMBLY DANCE
The monthly dance of the Social Assemblies at the Richmond clubhouse last night was well attended and proved a most enjoyable affair.
The dance was topped to the members and their guests.

Annex Residents Want Richmond Telephone Service

The chamber of commerce has forwarded a request to the Pacific Telephone and Telegraph Company asking for Richmond exchange service for residents of Richmond annex district. At present this district is served out of El Cerrito. About 50 families reside in the Richmond Annex and the heads of these families for the most part are employed at the Standard Oil and in other Richmond industries. Complaint is made that these families cannot get in touch with Richmond merchants by telephone without paying 10c toll, and therefore they desire the direct connection so that they may do their home purchasing with Richmond merchants without telephone tolls.

Hip Pockets to be Made Crime Under New Law

To discourage bootlegging and violations of the national prohibition act, Senator Henry A. Chamberlain of Los Angeles has introduced a bill into the senate under which hip-pockets in trousers would be declared unlawful.

Under the bill, not only would it be unlawful for a resident of California to wear trousers containing hip pockets, but it would prohibit the manufacture of such trousers.

But the last section of the bill possesses the "kick." It reads:

"In order that the intent of the author in introducing this bill, and the legislature in passing it, may not be misconstrued, it is hereby expressly declared that this is a freak bill entitled to no consideration whatever, except perhaps as a suggestion for tailors in formulating the styles for the year 1922."

PROJECT OF PURCHASING GRAND CANYON AS PARK IS TO BE INVESTIGATED

Charles G. Bacon, James T. Nabbert, Harry Marcus, and Mrs. Herbert Brown have been appointed a committee to investigate the project of having the city purchase Grand Canyon park as a public playground for Richmond. The committee will act for the chamber of commerce and report their recommendations to the directors at the next monthly meeting.

BRITISH GOVERNMENT PUTS NEW COIN ON THE MARKET

The British mint is issuing a new silver currency, half silver and half alloy, consisting of 500 instead of 925 parts fine silver, to the 1000. The latter has been the authorized quality since the reign of Queen Elizabeth.

In course of time the present silver will be withdrawn from circulation and this new coinage will replace it. The currency cannot be used in payment of foreign debt and is intended only for use as small change in England.

NEW POSTAL SAVINGS CARD ISSUED

The U. S. postal savings system is today marking its tenth anniversary by issuing a new postal savings card which will displace the 10c postal savings card, which has been in use since the establishment of the system on January 1, 1911.

The new card will be furnished free of cost, and when ten 10c postal savings stamps have been affixed to it will be accepted at any depository office as a deposit of \$1, or it may be redeemed in cash. The outstanding feature of the new card is the translation into twenty-four foreign languages of the statement that the faith of the United States is solemnly pledged to the payment of deposits made with the system.

The service was first established at forty-eight postoffices, one in each state, on January 1, 1911, and although hampered by many restrictions as to rate of interest and maximum amount allowed on deposit, it has shown remarkable progress. Postmaster-General Burleson announces that the amount on deposit today is more than \$162,000,000 and its depositors have long since passed the one-half million mark.

As predicted by its proponents in the days before the passage of the original postal savings act, our foreign born citizens have been the principal patrons of the system. Taught in their native countries to look to the government to safeguard their savings, they naturally expect this Government to do likewise. In

the present flood-tide of immigration, each newcomer as he leaves the port of entry, receives a leaflet in his own language outlining the method of operation of the United States postal savings system, and urging upon him the desirability of continuing in this country the practice of thrift which has been so necessary in the country he has just left. The service is, therefore, one of the most potent factors in furthering the Americanization movement.

Many banks, usually savings banks, prior to the establishment of the system, felt that the postal savings system would be a strong competitor, but experience has shown that the postal savings system draws its patrons not from depositors in established and well-conducted banks, but from among those who otherwise would not place their money in any banking institution whatever.

The original act of Congress restricted the total amount to be placed on deposit at \$500, and the deposit of this amount was limited to not more than \$100 per month. Later the monthly limitation was entirely removed, and the maximum amount increased first to \$1000, and then to the present amount, \$2500. Postmaster-General Burleson, in the annual report just submitted to Congress, recommends increasing the rate of interest to be paid depositors and action by Congress will no doubt be taken along these lines within the near future.

Narrow Escape From Flames

Awakened by the cries of her 5-year-old child early yesterday morning, Mrs. S. E. Craggs of 1921 Roosevelt avenue, found the kitchen of her home in flames and the fire finding its way through the board partition into her sleeping room. Captain Edward Bailey of fire company No. 2 was slightly burned about the face and head while carrying a hose into the building and received treatment at the emergency hospital, where he was taken by Police Officer H. A. Messenger.

The fire started from an overheated kitchen stove. Scragg, an employee of the Standard Oil Company, had prepared his breakfast on an oil stove and then lighted the fire in the kitchen stove for his wife.

The damage sustained was mostly confined to the kitchen and is estimated at about \$350. The prompt arrival of the fire fighters prevented the flames from spreading.

A goose race was a unique event shows the web-footed contestants in held in New York in connection with one of the heats of the race being the annual Madison Square Garden driven by pretty chorus girls. Poultry Show. The photograph
